Dear Andrew

Whipsiderry Cliffs, Newquay

Further to your letter dated 21st April, the original planning application was granted under C2/07/00913 by Restormel BC (prior to Cornwall becoming a unitary authority) who were then acting as the Coastal Protection Authority. Conditions were placed on the planning application by Restormel BC, which have subsequently been discharged by the applicant as part of PA21/07740. This effectively discharged the conditions placed on the original application by Restormel BC acting as the Coastal Protection Authority, consenting the works and fulfilling its duties as the CPA (albeit under the planning system). This information was sent to Cllr John Fitter via email on the 26th April.

Yours sincerely

Carol Maclellan, Service Director – Regulatory Services
