

## NEWQUAY RAILWAY STATION INCOMING/OUTGOING TIMES

Arrivals - Mon – Fri – 06.52 09.10 11.02 13.05 15.08 17.07 19.15 21.21

Sat – 07.45 10.18 13.05 15.05 17.05 19.06 21.15

Sun – 10.57 13.32 17.08

Departures - Mon -Fri- 07.12 09.17 11.12 13.10 15.10 17.19 19.22 21.26

Sat - 07.48 10.20 13.10 15.10 17.10 19.08 21.17

Sun – 11.15 14.20 17.55

\*Please note that opening/closing times in the summer season for the above facility are officially, 9am – 8pm

- Times in **YELLOW** are when our toilets are usually open/CAN be opened but please note that the above train times are only a guide and can be subject to change for the summer months and especially at weekends (see below)

### ***“Weekend timetables***

*Train times are often changed at weekends to enable maintenance work to be carried out.*

*The times shown in this timetable are a guide to our services, and you should confirm*

*your train times online prior to travelling: **GWR.com/Check**”*

**In Conclusion:** as you can see from the regularity of the above incoming/outgoing train times we couldn't base any opening/closing times around the timetable, further to this please note that we have a fixed rigid opening/closing sign attached to the facility and any abnormal times planned would likely confuse and annoy the general public and it would also cause disruption to the cleaners daily routine, and thus the service, if they are asked to open/close them at ad hoc times. I think we are back to square one on these facilities, we either have shorter opening times to help protect them which affects ALL users, we have them fully operational and deal with the problems we encounter or the members discuss further their plans for relocation.

\*just to once again reiterate, in my opinion if members want them gone we are likely to also have many problems if they are sited at the skatepark and we would certainly have them covered in graffiti (The porta loos have been vandalised and covered in graffiti) also leaving an old abandoned building to rot again (at the station) wouldn't be beneficial to NTC
